To quote from the official FISH web site (www.fishphilosophy.com)

FISH! is a **skill** that provides the process, tools and language to generate the skills necessary to design a workplace full of **inspiration, creativity and innovation**. FISH! creates a **common language**. A language that will help improve your culture by using four simple practices – **Be There, Play, Make Their Day and Choose Your Attitude™**. FISH! is a **wisdom** that everyone can embrace. It is an invitation that enables people to care about each other and their commitments. FISH! is an **ongoing journey**. It is not a fad. It is a **practice and a skill** that evolves over time creating a positive workplace and a vibrant culture each time it is embraced.
